Sita Inter College, Mahmudabad — Intermediate

July 2019 - June 2020

Sita Inter College, Mahmudabad — HighSchool

July 2017 - June 2018

PROJECTS

Nature Adaptation Ecology Club ~~vtrc~~—Frontend Project

(Nov 2023-Jan 2024)

I initiated the development of NAE, a dynamic website showcasing our club's achievements, recruitment results, and member details. It serves as a centralized platform for our audience to engage with our activities. This project reflects my commitment to enhancing our club's online presence and fostering transparency in communication.

Fitness ~~EthanusCodemitra~~—FullStack Project

(Aug 2023-Dec 2023)

Successfully completed the "Fitness" project during the EthanusCodemitra certification course, featuring a login/signup system, basic exercises, and advanced tools like a personalized exercise maker and BMI calculator. This showcases my ability to handle multiple projects simultaneously while delivering robust and diverse functionalities in each.

EXPERIENCE

MERN Fullstack—Trainee

(Sept 2023-Dec 2023)

Completed MERN Full Stack training with Codemitra, mastering MongoDB, Express.js, React.js, and Node.js. Acquired expertise in the Software Development Life Cycle, essential for comprehensive full-stack web development.
